Fellowship Opportunity

Groote Schuur Hospital, renowned for its cutting-edge medical advancements and historical significance, is excited to announce a prestigious Interventional Radiology Fellowship. **This exclusive 2-year program offers unparalleled clinical training and research opportunities in one of the world's most vibrant cities, Cape Town.**

Why Join Us?

- State-of-the-Art Facilities: Train at one of South Africa's leading tertiary academic hospitals equipped with the latest interventional radiology technologies.
- Comprehensive Training: Gain hands-on experience in a wide range of interventional procedures, including vascular interventions, oncological procedures, and advanced image-guided therapies.
- Expert Mentorship: Learn from internationally recognised experts in the field of interventional radiology.
- Cultural Experience: Live and work in Cape Town, a city known for its stunning landscapes, rich history, and diverse culture.

Eligibility Criteria

- Health Professionals Council of South Africa (HPCSA) Registered Diagnostic Radiologist.
- 3 Professional References.
- Motivational Letter.
- South African Candidates only.

Fellowship Benefits

Privately Funded

- Equivalent to a grade 1 consultant salary in the public service.
- Benefits include the standard 22 days of annual leave as well as academic leave.

Professional Growth

- Enhance your skills and expand your professional network within the private and public sectors in South Africa.

Research Opportunities

- Engage in innovative research projects with potential for publication.

Examinations

- The fellowship is guided by the Cardiovascular and Interventional Radiological Society of Europe (CIRSE) requirements to write the European Board of Interventional Radiology (EBIR) examinations. The candidate will pay for registration and participation in the EBIR examinations.

Retain Diagnostic Radiology Skills

- Exposure to working within the private sector doing teleradiology.
